

Atoms, molecules and all other things at the surfaces...

22-26 September 2024

Niemcza, Poland

Invited speakers:

Christopher Kley

(Berlin, Germany)

Pavel Kocan

(Prague, Czech Republic)

Mariusz Krawiec

(Lublin, Poland)

Mikołaj Lewandowski

(Poznań, Poland)

Karina Morgenstern

(Bochum, Germany)

Ireneusz Morawski

(Wrocław, Poland)

Thomas M. Orlando

(Atlanta, USA)

Yuri Suchorski

(Wien, Austria)

Thorsten Wagner

(Linz, Austria)

Scope:

Atoms & Molecules at surfaces

Electronic and atomic structures

Adsorption, desorption, diffusion

Metals, semiconductors, oxides

Low dimensional systems

Solid-gas and solid-liquid interfaces

Molecules at surfaces

Self-assembly and growth of thin films

Methods of surface characterization

Organized by:

Institute of Experimental Physics
University of Wrocław
