

International Workshop on
Surface Physics

11TH IWSP
20–24.09.2026

“From the bulk to
the surface of a solid”

WWW.IWSP.UWR.EDU.PL

Poland

SCOPE:

- 2D and Layered Quantum Materials
- Advanced Bulk and Functional Materials
- Materials for Energy Storage and Conversion
- Functional Nanostructures, Plasmonics and Sensors
- Magnetism and Quantum Phenomena at Surfaces
- Surface Chemistry and Catalysis

WORKSHOP FOR STUDENTS AND YOUNG SCIENTISTS

discussion and hands-on panels

Organized by: Institute of Experimental Physics,
University of Wrocław, Poland
